...workin' together day to day...

Administration Keeps Advancing

Progressive is one way to describe the administration in Northville this year. Plans for year round school are being discussed at the Board Office. The movement into new additions at several of the area's schools has made additional educational services possible. Mr. Spear, Mr. Busard and Miss Panattoni have inspired public interest by providing tours throughout the schools.

Mr. Holdsworth and Mr. Longridge have been busy this year organizing new rooms and setting up new classes which will provide helpful occupational experience. Some of these are secretarial administration and occupational co-op. With all these adjustments, NHS continues to stay far ahead in educational advancements.

TOP: Superintendent Raymond Spear continues to work on plans for year round school. *MIDDLE LEFT:* Curriculum changes are supervised by Miss Florence Panattoni. *MIDDLE CENTER:* Transportation, money matters and the budget are handled by Mr. Earl Busard. *MIDDLE RIGHT:* New teacher applicants fall into Mr. Robert Benson's bailiwick. *ABOVE LEFT:* Discipline and attendance are the concerns of Mr. David Longridge. *ABOVE:* Mr. Frederick Holdsworth checks over teacher recommendations. *LEFT:* Mrs. Marian Zayti seems to be taking a break from her work.

Ring . . . hello, Northville High School, may I help you . . . This is the third time this week you've been in here George and it's only Tuesday . . . give the class a chance, you've only been in there one hour. These are some of the everyday situations that face the NHS secretarial and counseling staff. Through this pure chaos emerges the non-stop personalities that keep students on the road to a better future. Secretaries Hay, Juday and Rollings keep the office running and assist students in everything from finding lost books and papers to calling home for permission to attend a field trip.

Solving problems and making vital decisions are all part of the job for Mrs. Bradford, Mrs. Olson and Mr. Wickens. They not only help seniors choose just the right occupation or college but also assist underclassmen on such important issues as which English class to take.

Secretaries, Counselors Keep NHS Running

Language- Key to All Learning

The Language class. Ah yes, who could ever forget? Long classes, fogged Monday morning minds, verbs, nouns, prepositions, conjugations, vocal exercises, and listening all bring about a big problem — boredom.

But at Northville the English and Foreign language departments have solved this problems by offering a wide selection of interesting and stimulating courses.

Enthusiastic teachers have also aided in the fight against boredom. The old studies of sentence structure have been replaced with such relevant classes as Novels, Now Poetry; Modern Thought and Literature and Mass Media.

The installment of another language lab has made it possible for more classes to work at the same time.

ABOVE MIDDLE: Mrs. Cathy Van Horn prepares a lesson for her English classes. ABOVE: Mr. John Donahue hands out an assignment to his Now Poetry class. ABOVE RIGHT: Mrs. Sharon LeDuc instructs students in Spanish Grammar.

Social Studies - Today's World

In what year did the Supreme Court come into being? . . . What is Malthus' Theory? Questions like these aren't asked everyday . . . except in a Social Studies class. Northville's ever expanding Social Studies Department was given a section almost entirely of its own this year. In section 'A', students take the required classes of World Culture, U.S. History and Government and the interested individual is offered courses like Psychology, Debate, Sociology and Economics.

Two C's of Math- Courage, Confusion

What's the cubed root of a^2 plus b^2 ... don't everyone answer at once ... come on now, someone had to be able to figure out a simple problem like this! This is the response that a math student is usually greeted with. No matter how late you stay up figuring out such an *easy* problem, no other student is willing to chance the answer. This situation presents the one absolute quality of any math student ... courage. Courage not only to plunge from a scholar to an average lost student with one answer, but also the daring to continue on to such subjects as Senior Math I and II. No matter whether you're the student who can't wait for that last year or the one who lives for math, you learn one thing from math classes ... the fortitude to conquer the unconquerable like theorems and fractions.

LEFT TOP: Mr. John Edwards takes a breather from Science Seminar. **MIDDLE TOP:** Teaching math is not all squares, circles and triangles as Mrs. Linda Hammond checks papers. **MIDDLE:** Looks like we caught Mr. Michael White in one of his lighter moments. **FAR LEFT:** Mr. Terrance Bacon chalks up another one in his math class. **LEFT:** Mr. David Johnson helps students understand Advanced Algebra. **ABOVE TOP:** Mr. Paul Osborn helps students comprehend the ideas of Senior Math I. **ABOVE:** Mrs. Gail Evans enjoys a moment of laughter during her math class.

Planets, Protons, Projects-All Part of Science

It all starts with Earth Science and continues right through Science Seminar. You enter the world of science with thought of being invincible and proceed to become a great dissector — after you overcome your squeamish ideas of harming poor little creatures. By the time you reach chemistry and physics and relive tales upperclassmen promised would happen, you discover the invincible can be overcome. The brave continue on to Science Seminar in hopes of discovering a new type of protozoan or plant structure. No matter how many labs fail, or how many nights you worry over science exams, every student leaves sharing the satisfaction which is associated with all the sciences.

Potpourri - A Mixture of Fun and Knowledge

What class does everyone wait for all day? For some, it might be a language or English class. But to most kids around NHS, the one class which makes the whole day worth while is the speciality class. These are the classes which teach students skills and yet offer an enjoyable hour. Each one of these classes is separate from each other, yet they all combine to make an enjoyable selection for all students.

ACTIVITIES

*Before the rising sun
we fly...*

Fast Moving Comedy Comes to Northville

Rehearsal after long tedious rehearsal . . . that's one thing that makes a Northville High School production so professional. Co-operation and a great director also account for it.

'The Man Who Came to Dinner' proved to follow in a long line of successes. But different from the fall plays of recent years, it was a lighted comedy.

Reese Lenheiser, who played the man who came to dinner, Sherriden Whiteside, received the traditional 'Oliver' award for his outstanding performance. Laurie Dagher also received an 'Oliver' for her hilarious portrayal of Miss Preen, Mr. Whiteside's nurse.

All the hard work results in fun as opening night rolls around. The relief and happiness after it is over is one thing, but the best part is the applause that lasts long after the curtain call.

ABOVE: Another hard day of work begins for Director Robert Chapel and Student Director Barb Cuppett. *RIGHT:* Northville's answer to Florence Nightengale is Laurie Dagher, who played the part of Miss Preen. *ABOVE FAR RIGHT:* Mr. Stanley, played by Andy Bonamici, attempts to shake hands with Mr. Whiteside, alias Reese Lenheiser, while Dr. Bradly (Art Mc Hardy) and Miss Preen watch. *BELOW FAR RIGHT:* "But I love him that's all," explains Maggie Cutler, played by Debbie Guido.

ABOVE: Michelle Rody as the glamorous but spiteful Lorraine Sheldon, makes her entrance. *ABOVE RIGHT:* Whiteside, Jefferson (Marty Tuck), and Maggy find Petruska (Bev Wistert) and her cockroaches a little hard to believe. *MIDDLE RIGHT:* Show stealer Sandy Richmond as the weird Harriet Stanley, goes through one of her zany routines. *BELOW RIGHT:* Harpies Sarah Horner, Debbie Guard, Joan Batzer, Missy Eddy and Jackie Mc Ann add a special touch to Mr. Whiteside's Christmas Program.

Learning From Others

Have you ever wanted to go to a foreign country and live in a culture far different from your own? Would you, if you had the opportunity, leave for another part of the world? Who do you think would get the most out of a trip like this?

One way to make this happen is to support the exchange student programs. Many people do this every year and it is hard to decide who gets the most out of this.

In the long run, everybody interested learns. While an exchange student is here, we have the opportunity of teaching to a person from another culture our ways of doing things. But we too learn and profit from our friends from abroad.

Student Congress Thinks Ahead

"Give me liberty or give me death." Although these weren't quite the words the new Student Congress used in their attempts to get an open lunch, they still show the spirit the Congress used in attacking problems before them. An all new kind of system replaced last year's government in order to be more responsive to the students. A president, vice-president, and house of representatives are all new this year. By this the Congress hopes to keep up with the many changes facing our school. While the big project was trying to get an open lunch, the Congress also worked on dances, assemblies, and money raising projects. Also arranged was a one day student exchange with other schools. The new attitude of our student government is to meet change, with change and meet it head on.

Rick Sechler addresses the multitude.

Gals With Spirit-Pep Club...

PEP CLUB OFFICERS. President Jenny Lindley, Treasurer Kathy McDermott, Secretary Betty Jo Terry, Activities Chairman Nancy Nirider, Missing: Vice President Lois Bolton.

Paint ... magic markers ... stacks of orange paper. All these items become part of life for a Pep Club Member. As always, SPIRIT is the main goal for these girls. Members this year have achieved this goal by making original signs and locker signs, and decorating halls to encourage team members.

Early in the year, Pep Club undertook its key project, the Homecoming Dance. The decorations and Jazz Band helped change the cafeteria into a perfect setting for 'A Time for Us'.

Ambitious is the key word for N-Club this year. U of M Football, Red Wing Hockey, Piston Basketball and Detroit Tiger games are all on the events' schedule and promise enjoyment for all participants. As always, N-Club continues to direct traffic at all assemblies and basketball games and will sell Easter poppies again this year. The main project this year is the donation of a new trophy case to NHS.

With completion of this project, N-Club will be able to mark up another very successful year.

'A Time for Us'

Homecoming at Northville High School is an exciting event which truly unites the school as it carefully chooses its queen, shares the enthusiastic spirit, and strives to win the big football game.

Homecoming '70 spun into full action on a chilly October Thursday night, with a blazing bonfire expressing the warmth of school spirit. Interclass and boy/girl football games were humorously played, with a lot of hidden talent being discovered.

Northville experienced a beautiful parade the following night. Starring in this event were the cheerleaders, pom pon

girls, N.H.S., marching band, class floats depicting this year's theme of 'victory', and the smiling girls in the court.

Overcoming the frigid weather, a crusade of N.H.S. supporters showed up to cheer the Mustangs to victory at the Homecoming game. Although Andover managed to slide to victory, the spirit and support still thrived.

A mysterious full moon shone on the Northville High School cafeteria Saturday night, where the Homecoming Dance took place. The theme 'A Time for Us' clearly explains the gala event.

Originality describes cheerleading at Northville this year. One of the newest ideas is the addition of male cheerleaders to assist the girls. These participants are Jim Darnell, Bill Dean, Mike Ivey, Ralph Luckett, Curt Saurer, Tom Thompson, Marty Tuck, Andy Walters, and Dave Wright. Both Varsity and J.V. squads continue to instill spirit in the spectators.

Another group of girls have helped to increase school spirit this year. The Pom Pon Girls have worked hard all year to create interesting formations and routines to entertain spectators during halftimes of the games.

Northville Bands - Spirited, Active

Imagine yourself at a football game. It's halftime and the majorettes and Marching band begin to plunge through the mud onto the field. What would a game be without the band's halftime show? They present many popular tunes and make up interesting dance steps and formations to go along with them.

But this is only one aspect of band at Northville High School. When basketball season rolls around, the Pep Band takes over halftime ceremonies, not to mention the support they give the cheerleaders during the course of the game. They play the school song at all Pep Assemblies and basketball games as the cheerleaders and Pom Pon girls perform a routine.

Jazz Band projects are concerts, Homecoming Dance and Junior Miss. The Wind Ensemble is a new group this year. They along with the Concert Band have also been busy with many concerts.

All of these Bands are under the direction of Mr. Robert Williams. Together they have done a great job of keeping Northville in step with the music.

Beautiful Voices Come From Practice

Walking through the halls near the vocal music room during third or sixth hours, you might hear the sounds of Miss Lowe and her Choir or Girls' Vocal classes practicing for one of their many concerts. This beautiful harmony takes many long weeks of practice and preparation. Sopranos, Altos, Tenors, and Basses must learn their parts and stay on them. The result is fun for all Choir members and enjoyment for the audience.

This musical sound can usually be heard after school also. Girls Octet, the Arions and All League Choir meet after the long school day over. This giving up of personal time pays off when these groups perform in the concerts.

TOP: The Arions are; Bottom Row; Laurie Smiley, Sue Mathews, Middle Row; Colby Westphall, Jo Ellen Ritenour, Top; Kim Hunter, Cindy Carrow, Liz Kolotta. *ABOVE LEFT:* Girls Vocal adds color to concerts with many interesting and beautiful songs. *ABOVE RIGHT:* The Choir makes an unusual concert by adding a harpist to accompany it. *RIGHT:* The Girls Octet consists of Carole Turnbull, Lisa Armstrong, Janet Westphall, Renee Weiser, Jo Ellen Ritenour, Leslie Brassure, Lee Kushmall and Marilyn Beason. *BELOW:* The Choir takes a breather between songs at the Christmas concert.

Creative Students Take Art Seriously

Walk into any Art class and what do you see? Papers, ink bottles, paint and somewhere in the midst are busy and creative students.

Art class has a casual atmosphere. There is never a quiet minute. But this doesn't seem to affect the art work turned out by these classes. Under the careful guidance of Mr. Roy Pedersen paintings, drawings, copper toolings and rings are put together in an original and creative way. Every student is able to express himself through what he does.

Even though the atmosphere is light and carefree, the students don't take it lightly. They take pride in their work and make every minute they spend in Art class something worthwhile.

A yearly project of Art classes is the colorful paintings of windows for Christmas.

ABOVE: Mr. Pedersen is caught in the act of telling a joke to some of his Art III and IV students. *ABOVE RIGHT:* This is a typical Art class. A casual atmosphere prevails while students strive to create.

Debate: Winning Season

Resolved: That the Federal Government should finance establish and administer programs to control air and wa pollution. This was the topic this year for debators fr NHS. Perfection: Key Word of Dramatics, Forensics

Will everyone please remain quiet for a few moments . . . try that song again . . . ready, camera, action. All these remarks are well known to the members of the Dramatics Club. This club is doing a tremendous job in the production of two plays this year. In the fall, they produced the light comedy 'The Man Who Came to Dinner'. This spring is devoted to the musical 'Mame'. The cast is headed by Sandy Richmond as Mame Dennis, Jan Zayti as Vera Charles, Debi Guido as Agnes Gooch, Andy Bonamici as Beaugard-Jackson-Picket-Burnside, Craig Barnard as the 'older' Patrick Dennis, Bubby Eddy as 'younger' Patrick Dennis and Doug Mowat as Ito. With a cast like this, how can NHS miss?

Hours of rehearsals . . . coaching by Miss McCarthy and Mrs. Van Horn . . . the taping session . . . and the final moment, when you stand before the crowded auditorium. These are some of the experiences forensic contestants became involved in this year. Superb assistance by Miss McCarthy and Mrs. Van Horn encouraged students to enter the expanded program this year. The students worked hard on their presentations and deserve NHS' congratulations.

Under the supervision of Mr. Wayne Saunders, this year's Co-op program is going very well. Co-op is a relatively new program at NHS, started in 1969. It consists of an hour of retailing and one to two hours of actual working outside of school. The retailing class teaches students what the working world is all about. They have had guest speakers in from various occupation, to give students an idea on what different fields are like.

The Honor Society is alive and well at NHS this year. Although most people do not hear much about their activities, the Society has been busy revising their Constitution. They are attempting to initiate more upperclassmen into the club by raising the percentage of nominees from the Senior and Junior classes. The members keep busy by the establishment of a tutor service to other students in such subjects as mathematics, language, English and history.

MUSTANGER

Co-op = WORKS on Top of News

Hard work and enthusiasm are the two key words which make the MUSTANGER what it is today. The first and second year journalism classes have combined to make the staff almost double the size it was last year. In order to save money the staff is typing the paper itself, a technique new to the paper's history. Besides publishing the paper they have also put together and sold a Student Directory which contains all the names, addresses, and telephone numbers of all the students of N.H.S.

'Palladium' Will Never Be the Same

Where do you begin with the Palladium staff? The tardinesses being accumulated by Diane and Kathy? Or the skipping of a class to finish an all important layout? Or the missing of several deadlines? Ask any of the dozens of teachers which have witnessed Diane and Kathy dashing around to collect copy from this person and a layout from that person. From the beginning of the year, the staff has undergone several large changes. With a new sponsor, Mrs. Crawford and Modern Yearbook, a different yearbook company, the staff started out to give an entirely new and refreshing approach to NHS' annual. The addition of a new editor and co-editor in December completed the sheer chaos which surrounded the headquarters of the yearbook. The missing of several deadlines and problem pictures continued to hamper the staff. With the completion of the final deadline, all the dashing, pleading and collecting ceased to exist and the 'normal' atmosphere returned to NHS.

Injuries Hamper Season

Co-captain Bernie Bach advises team on tactics.

It's Not If You Win or Lose, It's How You Play the Game

Looking back at our accomplishments in football this year, we see that we did not do a great job as far as winning goes. Yet, we could see spirit was evident in almost every person. The praying ... the pleading ... the disappointment after a loss ... the extreme happiness after a win that all painted the picture of the spirit at Northville. But despite all the cheering and yelling, injury after injury kept us from reaching the goal line.

In every quarter we would head forward to get to the line. Then through some weak spot, we would get pushed back, but we then pushed further still until we made a touchdown. We could not go very far because of the limitations in manpower, so, in high spirits, let's think of our football games as a lost experience. Let's think of it as a time when our spirit was very high. That is what we can be proud of.

Cagers Have Disappointing Season

Basketball is a team sport, which means that each and every member on the team must work in unison with the coaching staff if the team is to win any games at all. To accomplish this feat, each individual on the Varsity, J.V., and Freshman teams spends hundreds of hours just practicing each season. Practice is time that the coach uses to teach new plays, review old ones, and work on the basic fundamentals.

This season wasn't too successful, but the Mustangs stayed with it till the end. Fouling, scoring and defensive tactics were at an average level.

Injuries had a lot to do with the results of this year's season. Tom Edwards was unable to help his team mates this year and Bernie Bach was also handicapped till mid-season.

FRESHMAN TEAM. *Front Row:* Ed Kritch, Jim O'Brien, Fred Spiker, Joe Bishop, Don Hicks, Guy Cole. *Back Row:* Coach Cy Nichols, Brian Mills, Mike Anusbigian, Jim Mulville, Todd Eis, Bill McDonald, Cary Eaker, Ted Fuertges, Phil Palarchio.

Rod Crane rebounds the ball and confidently dribbles down court for still another J.V. attack.

Bill Andrews breaks away from his opponent to score for the Mustangs.

It's Off to a Great Start for Harriers

It's a known fact that our cross country harriers have come through for us again, taking third place in the league with a five won—two loss record. Under the coaching of Ben Lauber they managed to gather the stimula that is needed in any sport in order to keep the team together.

Everyone bettered their time at almost every meet with Rick Bell breaking the school record of 14:32, with a time of 12:41 for the two-and-a-half mile run.

This group has proved to us that they have done and will continue to do a great job with the assistance of Coach Lauber and all of us cheering them on.

Wrestlers- Individuals or Team?

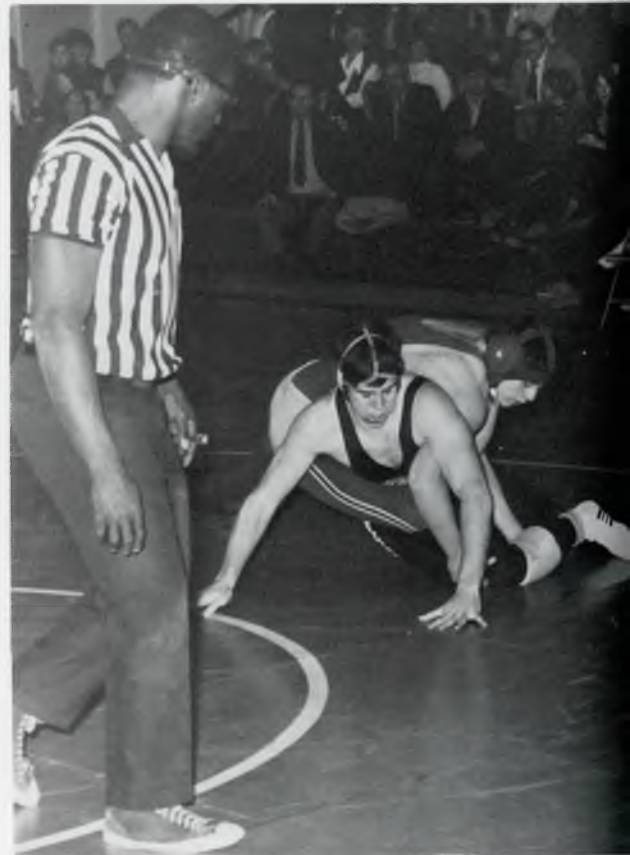

Wrestling is a hard sport to define. It's a team effort, yet not more than one team member participates at once. But one individual can't make the whole team.

The 1970-71 varsity and junior varsity have made an impressive winning record. Coaches Jack Townsley and Gary Emerson have had many exceptional wrestlers. The team consisted of twenty-seven active and two injured members.

A new wrestling room was built during the year. This along with a new mat were of great assistance in the remainder of the season and will be of great use for many years to come.

Great Season for Tankers

Swimmers require hard workouts, stamina, determination, individual strength and team spirit, all of which the Tankers have.

This year the swim team topped last year's great season. Although four good swimmers graduated last year, the depth of the team and the addition of some new members kept the team going strong throughout the whole year.

New team records were set by Bill Maguire in the 100 yd. freestyle, Joe Boland in the 400 yd. freestyle, Tom Thompson in the 100 yd. fly and 100 yd. backstroke, and Glynn Simmons in diving. Co-captains Dave Wright and Mike Ivey made outstanding performances and did the rest of the team. With Ben Laube as a coach and a team such as the Tankers, we could expect nothing less!!

Enthusiastic Describes 1971 Track Team

Coaches Ralph Redmond and David Graff discuss the prospects of the track team.

What is a five letter word which involves running, jumping and vaulting? To the group of guys coached by Mr. Ralph Redmond and Mr. David Graff, the answer is the sport track. Northville's track team is practicing diligently this spring to maintain their tradition of excellence. NHS can be proud of its team after they devote long hours to disciplined practice. Spurred not only by their competitors but by the will to break their own records, as well, NHS' team is an enthusiastic and determined group to support.

This year's early spring performances have coaches looking forward to a promising 1971 season and a good chance at the Wayne-Oakland League Championship. Northville can feel proud of the diligence with which the team works.

TRACK TEAM: *Front Row:* John Stuyvenberg, Phil Guider, Wally Reed, Brad Cole, Steve Hazlett, Steve French, Jeff Menyhart, Steve Sullivan *Second Row:* Guy Dixon, Wayne Enders, Rick Bell, Dave Mitchell, Tom

Netters Make It Look Easy

Is tennis really as easy as some stars make it look? If you have ever tried your hand at with a racket you would soon find out that the answer is *NO*. Tennis is a game of great complexity, and the person who knows nothing of the game is soon lost.

All those lines on the court are there for a reason even if it does look like they have thrown in some more decoration. The scoring too is difficult to learn and the novice player has to rely on the good or bad word of his more experienced opponent.

Playing the game is more than just hitting the ball with a racket. Several skills must be mastered before one can consider himself an Arthur Ashe.

Golfers Plan Future

Where do the Arnold Palmers get their starts? What really marks a good golfer from a bad one? High School golf is starting to play a bigger role in shaping the young golfer's future. During this time a good coach, as Mr. Jones is, can help the upcoming star. Here rather than just going out and hacking a ball with a club, the boy interested in this sport can learn so much more.

What does a good golfer have to have? A little skill, clubs, and a lot of desire. Good athletes aren't just born but develop the talent they have to the best of their ability. It takes much desire to spend weeks working on their putting games. This is what all the Mustang golfers show, a kind of thing that just won't quit even if you bogied the last hole.

ABOVE: Returning letterman, Mike Fagan contemplates the coming season *RIGHT ABOVE:* Andy Walter, Mike Fagan, Steve Pauli, and Mark Krause form the nucleus of the Northville golf team. *RIGHT:* Andy Walter shows the form he hopes will make Northville a winner.

Baseball: A Winning Season?

What will the baseball teams be like this year? Will they be as good as they have been in the past? Will they have a winning season? These are just a few questions Northville is asking. They will remain unanswered until they play their first game against Walled Lake.

Both junior varsity and varsity teams are trying to prove to everyone that they are going to be as good, if not better, than the teams in the past. They have long, hard practices which prove they are really trying to stay on top and they most likely will.

This is Coach Shonta's second year of coaching the varsity team. Last year he coached a superb 25-5 won-loss season. He also thinks this year's varsity team will be quite promising. 'I predict we will be the league champs' says Coach Shonta.

Northville lost many superb players upon graduation last year, including Fred Holdsworth, who signed with the Detroit Tigers at the end of the school year. He is the fourth student from Northville to sign a contract for a pro baseball club.

Scot Stuart makes a good return.

Scott Evans looks for the ball.

Bernie Bach and Steve Utley take time out to strike a pose.

Jeff Moon shows a great follow-through.

Coach Chuck Shonta gives his team a pep talk.

Eager, Spirited Freshmen Blend In

What is a Freshman?

Unexperienced but willing to try new things. He's learning what it's all about. All the kidding that he gets, the competition he's up against, and how great it feels to come up before all the rest once in awhile.

A Freshman is vigorous and full of spirit. Getting his class and even himself on the right foot, is what really counts. And the pep rallies, initiations, and pain suffered through language classes are all a part of it.

A Freshman is new and inspired by his surroundings. He's alive and eager, ready to face the problems ahead.

Alive, Puzzled Sophs Learn To Discover

What is a Sophomore?

He's sort of the in-between. He's past the first year of discovery and not quite ready for thinking of what he wants in the future. But he's beginning to form opinions on happenings that occur around him. And they are willing to take part and overcome these happenings to make them better.

He's discovering new things through his classes, his friends, and his surroundings. And it all seems like a jigsaw puzzle to him. He can only stick it out and try to make the pieces fit.

A sophomore is alive and is getting to make his goals known — and soon things will be happening to him.

Fun-Loving Juniors Will Soon Lead School

What is a Junior?

A class ring and a small vision of the future. He's gained experience behind, and will acquire knowledge ahead with just a slight thought of being college-minded.

A junior is challenge and challenged, wherever he goes—whether it be in academics, athletics, or school spirit. He's ready to burst with new ideas and set them to work.

A junior is one step from being a Senior and all the fun and hard work that goes along with it. And in that one step, he'll decide what roads he wants to choose and conquer.

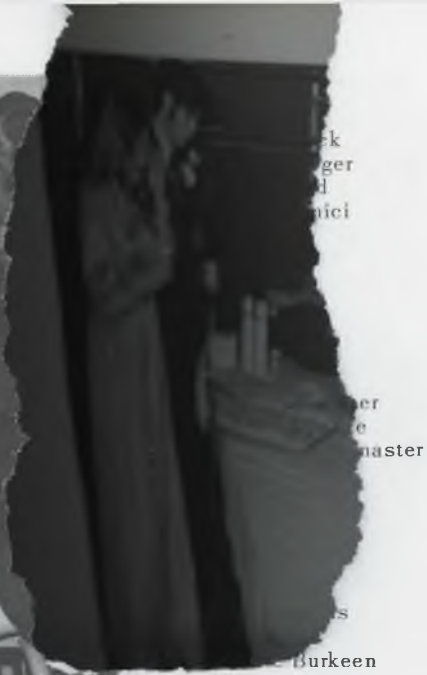

ABOVE: Junior class officers are ready and willing to plunge ahead. They are: Kathy Simpson, Secretary; Joe Corcoran, Treasurer; Reese Lenheiser, President; John Wilson, Vice-President. LEFT: JUNIOR CLASS COUNCIL. Front Row: Mr. Paul Osborn, Joe Corcoran, Reese Lenheiser, John Wilson, Kathy Simpson, Steve Sullivan. Second Row: Bonnie Hunt, Jan Pauler, Darcie Pickren, Betsey Ballash, Mary Krause, Diane Horwath, Robin Fox, Sharon Phillips, Terri Rushlow.

ABOVE: The Harlem Diplomat vs. Faculty game was a huge success. This Harlem Diplomat added much excitement to the game through some of his stunts. *ABOVE LEFT:* Senior guys receive their reward for the year from the cheerleaders -- their own personal records. *FAR LEFT:* "Care to dance?" Mr. David Longridge takes a chance at the Diplomat-Faculty game. *LEFT:* Pep Club president, Jenny Lindley, presents Senior Class President Bernie Bach with the Pep Jug Award.

Seniors Look Ahead With Uncertainty

How do you begin to describe a Senior? Definition: 1. The older. 2. Superior in rank, length of service, or office. 3. Pertaining to the last year of study in high school, college etc. This is accurate but there's much more to being a Senior than this.

Seniors are carefree, happy-go-lucky individuals. They value good times and good friends.

But at the same time, the Senior is confused about the future. College applications, S.A.T.'s, and grade point averages baffle Senior minds and cause frequent trips to the Counselor's office.

The Senior is also a little afraid of the world beyond high school. He must leave the security of a group of friends and go out and make it on his own. All he has known is high school and each day it slowly slips from under his feet. There is always the haunting phrase "the last time" hanging over his head.

But then there is the happy thought of GRADUATION, AT LAST! The frightening things disappear for awhile as the Graduate marches up to receive his hard-earned diploma. But they reappear when College becomes a reality.

The Senior — a confusing mixture shaped in four long years of high school.

LEFT: Senior Class Officers are from top to bottom President Bernie Bach, Vice President Scot Stuart, Secretary Kathy McDermott, and Treasurer Dave Mitchell. *ABOVE:* Senior Class Council members are *FIRST ROW:* Dave Mitchell, Bernie Bach, Scot Stuart, David D. And Yes We've Just Begun

A beginning . . . not an end. Only the end of life as we know it now. But there's so much of life ahead; so many roads to choose. We'll start out walking and learn to run.

To be a Senior is to be on top. But to graduate is to start at the bottom all over again. There's always a new and different ladder to climb when you're finished with an old one.

High school is only a small part of life. It prepares you to take the next step ahead. We've only just begun.

So much of life ahead; we'll find a place where there's room to grow. For many this will be college. For others a job, service or marriage is the next step. But the same thing is true for everyone. We've only just begun.

June 15 — Today is the first day of the rest of your life.
